

SUPER FIBER TABS

- Psyllium is rich in dietary fiber and has been traditionally used to help support a healthy digestive tract. Non irradiated, non GMO.
- Oat bran has the most soluble fiber of any grain; and is a good source of insoluble fiber also.
- Guar gum, from the seed of the guar plant, provides soluble fiber.
- Contains no artificial flavors, colors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish or fish.

Digestive problems are one of the main illnesses in the USA, affecting nearly 70 million people! Over the past century, average diets moved away from whole fruits, vegetables and grains, and towards more processed foods. We now know that the fibrous parts removed in food manufacturing have value after all!

The Food and Nutrition Board of the Institute of Medicine established recommended levels for fiber, of 14 grams for every 1000 calories. Our convenient non GMO and non irradiated psyllium veg caps offer a convenient and easy way to increase fiber. We offer a complimentary blend of both soluble and insoluble fibers for complete fiber in convenient tablet form.

For other convenient fiber options, see # 8616 Clear Fiber® and #8589 non GMO non Irradiated Psyllium Husks Vcaps.

PRODUCT SPECIFICATIONS

- McGuff Item #001587
- Count Size: 100 tablets per amber glass bottle
- Full bodied tamper-evident sleeves
- Expiration date to guarantee freshness
- Sold individually or in cases of 6 and 12 units

WE GUARANTEE OUR SUPPLEMENTS FOR POTENCY AND PURITY
