

# SAW PALMETTO 160mg

- Shown to alleviate symptoms of BPH
- Sourced from Southeast USA
- Contains 160 milligrams of Saw Palmetto Berry Extract.
- Standardized to a guaranteed potency of 85-95% fatty acids and sterols, 10:1 ratio
- Contains no hexane, artificial flavors, colors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish or fish.

Saw Palmetto berries contain a variety of fatty acids and sterols that help maintain prostate and male urinary system health. A healthy prostate ensures proper function of the male urinary and reproductive systems.

Saw Palmetto, *Serenoa Repens*, is a native plant of North America. Many European countries use saw palmetto oil as a medical treatment for benign prostate hyperplasia (BPH). Research shows that saw palmetto greatly reduces symptoms in most men. It has been shown that the prostate tends to grow when left untreated; saw palmetto can cause a definite small shrinkage. The benefits of this herb may require 4-6 weeks for desired results.

Our premium Saw Palmetto is processed in a proprietary manner, resulting in full spectrum concentrated Saw Palmetto easier to digest and utilize for optimum urinary tract and prostate health and reproductive system.
