

NIACIN, NO-FLUSH 500mg

- Niacin is shown to promote healthy cholesterol and triglyceride levels in dozens of human clinical trials
- Same potency and premium quality inositol hexanicotinate as is used in clinical studies – prolonged release, up to 10 hours
- Provides all traditional cholesterol balancing benefits of niacin, without side effects
- Sourced from rice
- Vegetarian / Vegan
- Contains no artificial flavors, colors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish or fish.

Niacin has long been a popular supplement used for healthy cholesterol support, but many users often complain about the "niacin flush" that accompanies its use. Our vegetarian formula No-Flush Niacin, also known as inositol hexanicotinate, a form of niacin that provides all of the same benefits as traditional niacin without the flush. This is possible because the body metabolizes inositol hexanicotinate slower than traditional niacin, not reaching full serum levels for nearly 10 hours.

PRODUCT SPECIFICATIONS

- McGuff Item #000405
- Count Size: 100 capsules per amber glass bottle
- Full bodied tamper-evident sleeves
- Expiration date to guarantee freshness
- Sold individually or in cases of 6 and 12 units
