- Regulate and support endocrine health
- May improve mood, sense of well being, and overall sexual function
- Shown to improve wound healing time
- Vegetarian / Vegan formula
- Gluten Free; Kosher
- Contains no artificial flavors, colors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish or fish.

Maca is a powerful vegetable for both men and women. From the turnip family, studies show Maca may reduce prostate cancer risk. It appears to increase quality and quantity of sperm. It can decrease, even eliminate, symptoms commonly associated with menopause in women.

High in the Andes mountains, this “turnip that packs a punch” has historically been used for libido, and to support the adrenal, pancreas, pituitary, thyroid and parathyroid glands.
