Photo of our customer service team, July 2024

Our customers matter to us. **We're here for you!**

When you choose us, we aim to not just meet but exceed your expectations because we believe in delivering excellence.

Ordering is a breeze—whether you prefer to do it online, by phone, or via email, we've got you covered. Our customer service representatives are based at our corporate office in Santa Ana, California. They work closely with our purchasing department and trusted vendors to ensure you have a wide selection of products to choose from.

We genuinely care about you, your patients, and your business. Our team members are knowledgeable and ready to assist you in finding the right products. If you're unsure of what products you need, just ask—we're here to share our knowledge and provide helpful recommendations. We specialize in finding affordable products to fit your medical practice needs.

Thank you for choosing McGuff!

McGuff Company, Inc. has earned Drug Distributor Accreditation by the National Association of Boards of Pharmacy® (NABP®).

Message from the president

For over 50 years, McGuff has been the name medical professionals trust for their practice.

As a family and veteran-owned legacy business of 50+ years, we hope you have already heard of us and our dedication to our customers.

Our company consists of enthusiastic, dedicated people who strive to deliver excellence and who genuinely care about you and your business. Many of our team members have been with us for many years and have a deep knowledge of the products and services that are available to you. When you need help, all of us are here for you.

We know your time is valuable, and we want you to be able to focus on what's truly important - your patients. While you're providing patient care, we take pride in keeping your practice stocked with quality medical supplies and pharmaceuticals in an easy and logical manner.

We guarantee customer satisfaction with a generous return policy and offer multiple, convenient methods of communicating with us.

We are honored to work with you!

Sincerely,

A handwritten signature in black ink that reads "Ronald M. McGuff".

Ronald M. McGuff
President & CEO

Product Offerings

For a complete listing of all of our products, please visit our website:

www.mcguiff.com

Attention Doctors and Nurses! Your Satisfaction is our promise.

At McGuff, we understand the critical role you play in healthcare and the importance of having reliable, high-quality products. That's why we proudly stand behind every product we sell, ensuring you can make your purchase with complete confidence.

Risk-Free Guarantee

We are committed to making your purchase risk-free. If any product does not meet your expectations, our dedicated team will work tirelessly to resolve the issue. Your satisfaction is our top priority, and we strive to provide an excellent experience tailored to your needs.

Exceptional Customer Support

Our U.S. based customer support team is always ready to assist you. Whether you have questions about a product or need help with an order, we are here to ensure you have a seamless and satisfying experience.

Quality You Can Trust

With McGuff, you can trust that every product is designed to meet the highest standards of quality and reliability. We are here to support you in delivering the best care to your patients.

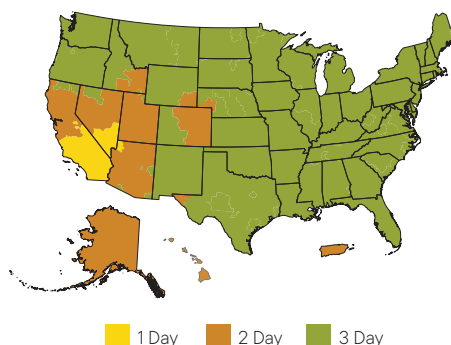

Fast and Free Shipping!

At McGuff, we offer free shipping within 3 days or less across the entire country. Here's how it works:

- **Overnight Delivery:** For our customers in Southern California, enjoy the convenience of next-day delivery.
- **2-Day Delivery:** Most West Coast states benefit from our speedy 2-day shipping.
- **3-Day Maximum:** No matter where you are in the country, your order will arrive within 3 days, guaranteed.

Experience the reliability and speed of our shipping service, ensuring you get the products you need when you need them. Shop with confidence at McGuff today!

McGuff Shipping Map

For orders to Alaska, Hawaii, and Puerto Rico, we offer 2-day air shipping. You will only be responsible for the difference in shipping costs between the U.S. Continental rate and your location.

For international orders, shipping costs, duties, and taxes will be estimated until the goods reach your destination.

A minimum order fee of \$30.00 will be applied to all orders under \$50.00

A Great Risk-Free Returns Policy

If a catalog product does not meet your expectations for any reason, we will arrange for the pickup and return of all unused items at our expense. You will receive a full refund or an exchange for the product. Please note that all returns must be arranged within 30 days of receipt. Special order items and refrigerated products are non-returnable.

Make your purchase today and experience the peace of mind that comes with our risk-free guarantee.

Introducing the Ultimate Osmolarity CALCULATOR

Are you a healthcare professional looking to ensure the perfect balance in your IV solutions? Look no further! Our cutting-edge **Osmolarity Calculator** is here to revolutionize your workflow.

Why Choose Our Osmolarity Calculator?

- **Precision at Your Fingertips:** Accurately estimate the osmolarity of any IV solution based on the drug contents, admixtures, and volumes added.
- **Comprehensive Analysis:** Get detailed insights into the expected sodium content, ensuring optimal patient care.
- **User-Friendly Interface:** Designed with healthcare professionals in mind, our calculator is intuitive and easy to use.
- **Time-Saving Efficiency:** Streamline your process and reduce the risk of errors with our reliable tool.

Capabilities

- **Choose from pre-defined admixtures** or enter customizable drug attributes to get precise osmolarity calculations.
- **Avoid administering overly hypotonic or hypertonic IV solutions** by calculating the expected osmolarity of your protocol before injection.
- **Create Unique Protocols for Unique Patients** assure your patients receive exactly what you desire.
- **Patient Specific Printable Records** for nurse admixture preparation and patient file.

Who Can Benefit?

Pharmacists, Nurses, Doctors,
Medical Researchers

Key Features

- **Customizable Inputs:** Enter specific drug contents, admixtures, and volumes to get precise osmolarity calculations.
- **Instant Results:** Receive immediate feedback to make informed decisions quickly.
- **Safety First:** Enhance patient safety by ensuring accurate osmolarity and sodium levels in IV solutions.

Additional Key Details

The sodium content of an IV admixture is directly related to electrolytes when injected into a patient. Sodium is a key electrolyte in the body and its balance is crucial for maintaining proper fluid balance, nerve function and muscle function.

When an IV solution containing sodium is administered, it helps to:

1. **Maintain Fluid Balance:** Sodium helps regulate the amount of water in and around cells.
2. **Support Nerve and Muscle Function:** Proper sodium levels are essential for nerve impulses and muscle contractions.
3. **Correct Electrolyte Imbalances:** IV solutions can be used to correct imbalances in electrolytes, such as in cases of dehydration or electrolyte depletion.
